SECTION II - STUDENT ATTENDANCE PROCEDURES

RATIONALE

1. State law requires, with limited exceptions, regular attendance of all students under 18 years of age.
2. Regular class attendance is essential if learning is to take place. The instructional process requires a continuity of instruction, regular classroom participation, and consistent study in order to reach the goal of maximum educational benefits for each student. Thus, frequent absence/truancy cannot be permitted.

Each teacher will explain and put in writing his/her expectations regarding student attendance. Students who are having trouble with a class are encouraged to see the teacher; if this does not improve the situation, they should see their counselor or the administration.

3. The school administration reserves the right to determine whether or not an absence from school is excused. Only a parent can request that a student's absence be excused.

NOTIFYING THE OFFICE

If your child is absent, please call the school office at 893-7690 ext. 103 or 893-7692 before 9:00 a.m. If we do not hear from you regarding your child's absence, we will need to contact you at home or work. Students arriving after 8:20 a.m. are to report to the school office before going to their classrooms. Because we have many early morning tasks, prompt arrival is necessary and appreciated. Parents will be informed when absences or tardiness become too frequent.

ABSENCE AND TARDY FROM SCHOOL

1. Reasons for EXCUSED ABSENCE from school (based on Ohio Law):
 - a. personal illness
 - b. illness in the immediate family
 - c. quarantine of the home
 - d. death in the family
 - e. emergency at home
 - f. observance of religious holidays
 - g. emergency or a set of circumstances which in the judgment of the school administration constitutes a valid cause for absence from school
 - h. travel with parents
2. Excessive Absences: Excessive absences are those absences, excused or unexcused, beyond seven (7) days during an academic quarter and ten (10) days all year. Parents will be notified in those cases where the school has special concern. If attendance does not improve, a physician's certificate will be required to confirm all future absences.
3. Sign-Out: Parents must sign students out when leaving the building. The student must sign in upon return.
4. Pre-arranged Absence: Although any school absence is discouraged, there are times when parents may request a student's absence for a family vacation or another special reason. Students and parents should evaluate absences carefully and weigh the value of the experience gained during the absence against the experience lost in school.
5. Unexcused Absence

Absence from any class or classes without permission of the teacher and/or the administration is an unexcused absence and an act of truancy. Regardless of the intent, the student whose absence is unexcused receives a zero for the classwork missed.

If an unusually large number of students are absent on a given day, the school may question the nature of the absences and/or illness. In this event, the school may require a physician's note to confirm any reported illness. Without a physician's note, the absence will be considered unexcused.

6. One-Half Day Absences

Students arriving after 10:30 or leaving before 1:30 are considered absent one-half day. Students arriving after or leaving before 12:00 p.m. will be considered absent a full day.

7. Make-up Work

Students absent from school will have the same number of days as the absence to make up the missed work. During an unexcused absence students may not make up missed work for credit.

HABITUAL AND CHRONIC TRUANCY

The Board desires to reduce truancy through cooperation with parents, diligence in investigating the causes of absence and use of strict guidelines in regard to tardiness and unexcused absence. Therefore, the Board of Education adopts this policy specifically to deal with students who are “habitual truants” and “chronic truants.”

An “habitual truant” is any child of compulsory school age who is absent without a legitimate excuse for five or more consecutive school days, seven or more school days in one month or twelve or more school days in a school year.

A “chronic truant” is any child of compulsory school age who is absent without legitimate excuse for seven or more consecutive school days, ten or more school days in one month or fifteen or more school days in a school year.

On the request of the Superintendent, or when it comes to the attention of the school administration or other appropriate official of the District, the designated official is required to investigate any case of supposed truancy within the District and must warn the child, if found truant, and the child’s parent in writing of the legal consequences of being an “habitual truant” or a “chronic truant.” The notice must also inform the parent, guardian, or other person having care of the child that he/she shall cause the child’s attendance at school.

When it has been determined that a child has been truant and that the parent, guardian, or other person having care of a child has failed to ensure the child’s attendance at school after being notified, the Superintendent *may* require the parent to attend a specified parental educational program established according to the rules adopted by the State Board of Education. Therefore, if directed by the Superintendent, the designated official must send notice requiring the child’s parent to attend a parental education program.

1. Habitual truancy

Upon failure of the parent, guardian, or other person having care of the child to cause the child’s attendance at school, if the child is deemed to be an habitual truant, the district is required to do either or both of the following:

- a. Take any appropriate action as an intervention strategy. The intervention strategy may include any or all of the following:
 - 1). Providing a truancy intervention program for an habitual truant;
 - 2). Requesting or requiring a parent or guardian, or other person having care of an habitual truant to attend parental involvement programs, including programs adopted under O.R.C. §3313.472 or §3313.663;
 - 3). Notification of the registrar of motor vehicles under O.R.C. §3321.13;
 - 4). Taking legal action pursuant to O.R.C. §§2919.222, 3321.20, or 3321.38.
- b. Filing a complaint with the proper county juvenile court. If a complaint is filed, it shall allege that:
 - 1). The child is unruly for being an habitual truant, or is a delinquent child for being an habitual truant who previously has been adjudicated an unruly child for being an habitual truant; and
 - 2). The parent, guardian, or other person having care of the child has violated O.R.C. §3321.38.

2. Chronic truancy

Upon the failure of the parent, guardian, or other person having care of the child to cause the child’s attendance, if the child is deemed to be a chronic truant, the Board shall file a complaint in the county juvenile court jointly against the child and the parent, guardian, or other person having care of the child. The complaint must allege that the child is a delinquent child for being a chronic truant and that the parent, guardian, or other person having care of the child has violated O.R.C. §3321.38.

SECTION III - SCHOOL HEALTH

NURSE/HEALTH AIDE

The district's school nurse is at different buildings throughout the week.

DISPENSING MEDICATIONS AT SCHOOL

A parent must complete and submit to school personnel information on the established Medication to Students Form. This form indicates the following information:

- name/type of medication
- date, dosage, and time of administration
- duration (days, months, emergency only)
- possible side effects
- signatures of parents/guardians and physician

All medication must be brought to school by the parent/guardian in the original container. Medication will be kept in a central location in a locked cabinet and a medication logbook will be kept during the year. The school administrator or his/her designee will administer the medication.

Unused medication will be returned only to the parent/guardian to avoid unsafe transfer on school grounds, in the classroom, or on the school bus. Unclaimed medication will be destroyed at the end of the school year.

Information regarding student medication will remain confidential. Parents must inform the school when there are changes which affect student medications.

Students have the right to possess and use a **metered-dose inhaler** or a dry-powder inhaler to alleviate asthmatic symptoms or before exercise to prevent the onset of asthmatic symptoms. The right applies at school or any activity, event, or program sponsored by or in which the student's school is a participant. In order for a student to possess the inhaler he/she must have written approval from the student's physician and parents. Forms are available from the school offices.

*** Please Note:**

As of the 2003-04 school year, **all prescription and non-prescription (over-the-counter)** medication administration requires completion of the Medication to Students Form including the physician's signature. Both prescription and non-prescription medication must be brought to the school office by the parent/guardian in the original container. If a form is not on file for a student for a particular medication, a parent can sign the Medication to Students Form at the school and contact the physician to fax an order to the school for the administration of the particular medication (prescription or non-prescription). No medication will be administered without parent and physician order.

ILLNESS/INJURY AT SCHOOL

If a student becomes injured or ill during the day, he/she should inform his/her teacher and report to the school office. When a student is injured or ill, the school administers first aid only. If the injury or illness requires more treatment, the school will contact the parents. Emergency phone numbers and information, by law, must be on file for each child. The school should be informed of any problems that may affect a student's capacity to perform in school. Please inform the school nurse of any student health problems that should be noted. The school nurse maintains health records for all students. A Clinic Report Form will be sent home with each student who visits the clinic during the school day.

IMMUNIZATIONS REQUIREMENTS

All students attending school are required by law to have the following immunizations upon enrollment:

Five (5) Dtap – K

Four (4) Polio – K

Three (3) Hepatitis B Vaccine (K-4)

One (1) tuberculin test is recommended (not required)

Two MMR Vaccine (K-4)

Two (2) MMR Vaccine (7-12)*

* Proof of a second MMR vaccination is required before a student can enter the seventh grade.

The Revised Code for the State of Ohio, Section 3313.67 provides: all pupils who are not fully immunized, or do not have a waiver on file, or do not fully meet the "in the process" criterion, are to be excluded from school on the 15th day following admittance.

COMMUNICABLE DISEASE REQUIREMENTS

If your child has any communicable diseases such as chicken pox, measles, mumps, scarlet fever, strep throat, impetigo, conjunctivitis, scabies or head lice, please report it to the school office immediately. If you have any questions regarding any of the above diseases, call the nurse, but please **DO NOT SEND YOUR CHILD TO SCHOOL** if he/she has a suspicious rash, high fever, or other diseases/illness. Students must be fever-free and no episodes of vomiting for 24 hours before returning to school after an illness. The nurse will advise you if medical evaluation is needed. Students must be fever-free before returning to school after an illness. The principal of the school has the authority to exclude any student from classes when the health and welfare of that student or the group are in question.

SREENINGS: VISION, HEARING, HEIGHT, WEIGHT, SCOLIOSIS

Vision and hearing are routinely screened, with the assistance of parent volunteers who are directed by the school nurse in Grade 5, as well as all new students. Height and weight checks are done also. Scoliosis screening is done on all 5th and 6th graders.

SECTION IV - SAFETY

VISITORS

For the safety of everyone at the Intermediate School, please observe the following:

- A. All parents/visitors must **sign in at the school** office upon entering the school and wear a visitor's badge while at school.
- B. Students must be signed out by parents in the school office.
- C. Students must meet parents in the school office. Children are not released to the school parking lot to wait for parents.

FIRE DRILLS

The State of Ohio requires monthly fire drills during the school year. Observe fire exit rules and regulations posted by the doorway of each classroom. When the fire alarm sounds:

- A. Use the proper exit route to the outside.
- B. Walk quickly, don't run.
- C. Be quiet so that instructions can be heard.
- D. Move away from the exits and off the access roads once you get outside the building for safety and access of emergency vehicles.

TORNADO DRILLS

There will be periodic tornado drills during tornado season. Drills and warning will be announced over the P.A. system and/or by sirens. Each class is to report to the specified shelter area. Check the tornado positions posted by the doorway of each classroom.

LOCK-DOWN DRILL

In the unlikely and unfortunate event that an intruder is in the building, it is essential that students and staff be familiar with procedures in order to respond quickly. Periodically, a lock-down drill will be implemented for this purpose. Students are to immediately get to the nearest room, as directed by staff, and remain absolutely quiet and out of sight.

CRISIS MANAGEMENT

The Chagrin Falls Schools have a disaster plan in place to address a myriad of potential adverse events, including severe storms, fires, natural disasters or unwanted visitors to our buildings. Each building and the staff members in those buildings are familiar with the crisis plan and what actions they are to take to safeguard the children in their charge.

SURVEILLANCE CAMERAS

For students' safety and welfare, video cameras are placed throughout the building and school grounds and on buses. Actions recorded on these cameras may be used as evidence in disciplinary action. Any attempt to damage or interfere with the function of these devices will result in disciplinary action by the school and possible referral to local law enforcement.

SAFE SCHOOL HELPLINE

If you know of any information that could harm our school, students, or staff, you can call the **SAFE SCHOOL HELPLINE** to report it at 1-800-418-6423 ext. 359. Your call is anonymous. Follow the instructions given to you over the phone.

WALKING/BIKING TO AND FROM SCHOOL

To help insure safety, please do the following when walking or biking to and from school:

- Use crosswalks when crossing streets

- Do not talk to strangers
- If approached by a stranger run away immediately and tell your parents and/or your teachers right away
- Try to get a description of the person and car (color, make, license plate, hair/skin color etc.)
- Try not to travel alone

SECTION V - SUPPORT SERVICES

STUDENT INTERVENTION ASSISTANCE TEAM (IAT)

An Intervention Assistance Team (IAT) is comprised of building and/or district staff members with varying expertise. The goal of an IAT meeting is to assist the classroom teacher in generating additional strategies to meet the individual needs (instructional and/or behavioral) of students. As the parent/guardian, your attendance is not required; however, we do believe your participation is valuable.

GUIDANCE SERVICES

There is a guidance counselor in the building full time. The guidance counselor primarily works with students in the following capacities:

Whole class instruction of the guidance curriculum
 Small group/individual guidance sessions
 Supports parents with family or parental concerns
 Organizes and administers standardized testing procedures
 Facilitates student conflict resolution strategies

SUPPORT STAFF

Support services are provided to students to supplement their regular education. These services are provided by a speech and language pathologist, guidance counselor, reading specialist, school nurse, school psychologist, occupational therapist, and school resource officer.

SEARCH FOR CHILDREN WITH DISABILITIES

School districts across the state of Ohio participate in an effort to identify, locate, and evaluate all children from birth through 21 years of age who may have disabilities. Disabilities, in this instance, means such conditions as hearing impairments, visual impairments, speech or language impairments, specific learning disabilities, emotional disabilities, multiple disabilities, mental retardation, other health impairments, autism, and traumatic brain injury.

Public schools have responded vigorously to federal and state mandates requiring the provision of a free appropriate public education regardless of a child's disability.

In order to identify children with disabilities, the school district will ask for information about the child, asking such questions as: What is the problem? What has been done about the problem? What background information is available? This information may be collected in several ways including interviews, observations, screening and testing. This information may be obtained from parents and the student, or it may be obtained from other agencies that have information about the student.

This information will be used by the school's Intervention Assistance Team, of which the child's parent is a member, to decide whether the child has a disability and needs special services. Once a child has been found eligible for special education services through the public school, the team develops an Individual Education Program (IEP) to meet the child's needs.

The Chagrin Falls School District is committed to meeting the needs of all children residing in the district. If you would like more information about the school district's policies and procedures for special education and confidential records, please contact Dr. Christine A. Jackson, Director of Pupil Services, at 440/247-4564.

SECTION 504

Section 504 is a federal statute that prohibits discrimination against persons with disabilities in any program receiving federal financial assistance.

A student who has a physical or mental impairment which substantially limits one or more of life activities, has a record of such impairment, or is regarded as having such impairment may qualify as having a disability under Section 504. Major life activities are defined as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, working, and learning.

Contact your child's school guidance counselor or principal for further information about this and other considerations for children with disabilities.

GIFTED IDENTIFICATION

All procedures for the identification and service of students who are gifted are in accordance with Adopted Board Policy and Section 3324.03 of the Ohio Revised Code and the Ohio Rule for the Identification and Services for Children Who are Gifted.

The areas of identification are:

- Superior Cognitive Ability
- Specific Academic Ability (Mathematics, Science, Reading, Writing, and Social Studies)
- Creative Thinking Ability
- Visual or Performing Arts (Drawing, Painting, Sculpting, Music, Dance, Drama)

Chagrin Falls Schools shall provide at least two opportunities a year for assessment in the case of students requesting assessment or recommended for assessment by teachers, parents, or other students. These opportunities occur in winter and spring.

Referral Forms are available in each school office, the Board of Education Office, or from the Office of Pupil Services. Completed Referral Forms should be forwarded to the Building Administrator or Dr. Christine A. Jackson, Director of Pupil Services.

STUDENT RECORDS

The "Family Educational Rights and Privacy Act of 1974" provides that parents or legal guardians of students under 18 years of age and students 18 years of age or older have the right to review and question the content of the student's official school records. Parents or students may request a review by submitting a written request to the building administrator. Within a reasonable time after receiving the request (no later than 45 days), the school will arrange a time for review in the presence of a qualified staff person. If the accuracy or appropriateness of the records are questioned and cannot be resolved informally, the Act provides for a hearing on the questionable material. The Act further provides that student records cannot be released without prior consent of parents of students under 18 years of age or without prior consent of students 18 years of age or older. Exceptions to the prior consent requirement include intraschool use, transfer, judicial order, or under certain circumstances use by the federal and state governmental officials. Complete details are found in Board of Education policy.

At the end of the school day, students should walk their bicycles to a safe place to exit the school grounds.

STUDENT ASSIGNMENT TO CLASSES

At the elementary levels, students are divided by gender and academic achievement and then placed in grade level classrooms for the next school year. This process helps assure a balance in class size and achievement levels and a change of classmates from year to year. Except for rare instances, students are placed into class sections at random. Parents may provide the building principal with information which may be unknown to school personnel and which might impact a random placement. This information should be of a unique or special nature (e.g. special learning problems, medical issues, physical limitations, etc.) Information provided by parents/guardians will be reviewed and evaluated by the principal.

SURVEILLANCE CAMERAS

For students, safety and welfare, video cameras are placed though out the building, school grounds and on the buses. Actions recorded on these cameras may be used as evidence in disciplinary action. Any attempt to damage or interfere with the function of these devices will result in disciplinary action by the school and possible referral to local law enforcement.

TESTING SECURITY PROCEDURES

During the school year, several tests are given to students in grades four, five and six, which follow a strict confidential policy. These tests are state and/or national tests and include: Ohio Proficiency Tests, Stanford Achievement Test and the Otis-Lennon School Ability Test. If a student is involved in a breach of confidentiality, or cheating in any form, the incident will be investigated and the student will be disciplined locally and reported to the testing agency. Students confirmed of breaking test security will have their test(s) invalidated.

TRANSFER/WITHDRAWAL

If you plan on moving to another school district, let us know as soon as possible. There is a withdrawal form that needs to be filled out. You can obtain this form from the secretary. This allows our staff to help the student make a smooth transition.

TUITION AND NON-RESIDENT STUDENTS

Except for students placed in the school district by child placement agencies, by court order, for special education purposes, or through legal guardianships, children of non-residents are not accepted for enrollment.

A student whose parents or guardians move outside the school district during the school year may be granted permission to finish the semester on a tuition basis, as per Board Policy JECB-R.

I. CODE OF STUDENT CONDUCT GRADES K-12

A. CODE OF STUDENT CONDUCT

Effective discipline is an important and necessary prerequisite for effective learning. Rules and regulations are intended to create a positive educational environment. The school holds students accountable for their behavior and expects them to live with the consequences of their decisions. With this goal in mind, the Chagrin Falls Exempted Village Schools Board of Education has adopted the following Code of Student Conduct.

1. INTENT AND PURPOSE

Each Board of Education is required to adopt a set of rules and regulations designed to maintain order and discipline necessary for effective learning.

The Board of Education's primary concern is that students who wish to learn can do so in an environment conducive to learning and that reasonable disciplinary and prescriptive means be employed to deal with those who would impair or deny such an environment. The full objective of this code is to ensure fair and equitable handling of disciplinary problems. This code is intended to standardize procedures to guarantee equally the rights of every student in the Chagrin Falls Exempted Village School System. The student discipline code explains the types of conduct which will lead to disciplinary action. This code is meant to be a guideline for student behavior and may not address all behaviors. Because a behavior is not included does not mean it cannot be addressed nor is it exempt from disciplinary action. This discipline code shall be made available to all students and available in a central location within each school building in the district.

2. SCOPE OF JURISDICTION

This Code of Student Conduct is in effect while students are under the authority of school personnel or involved in any school activity. This includes but is not limited to school buses and property under the control of school authorities, and while at inter-scholastic competitions, extracurricular events, or other school activities or programs.

This Code of Student Conduct specifically refers to: misconduct by a student that occurs off school district property but is connected to activities or incidents that have occurred on school district property and, misconduct by a student that, regardless of where it occurs, is directed at a district official or employee or the property of an official or employee.

3. STUDENT RIGHTS AND RESPONSIBILITIES

Students attend the Chagrin Falls Exempted Village Schools under the direction of state law and with the full benefits of constitutional protection of their rights as citizens and may, therefore, act, speak, and behave as young citizens within a large scope of options. Students have a right to reasonable treatment from the school and its employees. The school has a right to expect reasonable behavior from students. Freedom carries with it responsibilities for all concerned. In the event that consequences are justified and warranted, students will be afforded their procedural due process rights and fundamental fairness.

4. STUDENT DISCIPLINARY INFRACTIONS AND CONSEQUENCES

A violation of any school rule may result in disciplinary action. Disciplinary actions include, but are not restricted to, the following: oral reprimand, counseling, parental conferences, denial of privileges, detention, removal from class or school activity, in-school suspension, Saturday School, emergency removal and referral to law enforcement agencies, suspension, alternatives to suspension programs, or expulsion.

B. BEHAVIORAL GUIDELINES

1. GENERAL BUILDING GUIDELINES:

“Freedom with Respect and Responsibility” is the theme that governs the conduct and behavior of Chagrin Falls’ students. All students are expected to demonstrate self-control and appropriate behavior. Students must:

- a. Be on time and well-prepared for school each day.
- b. Respect the rights of all others to enjoy a productive and positive educational environment.
- c. Strive to work to the best of their ability, and accept their responsibility for being a productive student.
- d. Be active and positive in all school activities.

School rules apply during school, on school grounds, on school buses, walking to and from school and at bus stops, while participating in or attending school-related activities on or off school grounds, or as otherwise provided herein, or while engaging in any conduct which directly affects the good order, management, and welfare of the school. (See Scope of Jurisdiction)

2. BEHAVIORAL GUIDELINES - TEACHER DISCIPLINE PLAN:

Each teacher will design and implement his/her own discipline plan for the classroom which will be approved by the building administrator. This plan can include but not be limited to the following procedures:

- a. Student/Teacher Conference
- b. Student/Teacher/Counselor Conference
- c. Notification to parents of improper behavior
- d. Parent/Student/Teacher Conference
- e. Before or After School Detention

3. CODE OF STUDENT CONDUCT CONSEQUENCES DEFINED

The following is a list of the types of consequences that are used at Chagrin Falls Exempted Village Schools. Disciplinary actions will generally be progressive in nature; administration may repeat and/or omit steps in the process pursuant to professional judgment as it relates to specific conditions. In addition and when necessary, the disciplinary actions of suspension or expulsion may be carried over to the next school year.

- a. **IN-SCHOOL EXCLUSION (ISE):** In-School Exclusion is a consequence issued in which students are isolated from other students during the entire school day. The student is considered “in attendance” for attendance purposes. The student will make up any work missed in the regular classroom while in the In-School Exclusion room. Students assigned to In-School Exclusion may NOT participate in any co-curricular practices or events on any day they are placed in this room.

***Failure to serve an ISE assignment due to non-compliance of the academic or behavioral expectations will result in being removed from school and issued an OSS, for the time issued in ISE. Upon reinstatement to school the student will report back to ISE for the initial number of days issued**

***The availability of ISE is dependent upon the availability of staff and current financial conditions.**

- b. **CONFISCATION:** Surrendering of items/objects that are illegal, inappropriate, or disruptive/distractive to the educational process. All items will be kept by the administration; items may be returned at the conclusion of the day at the discretion of the administrator. Continued violations may result in the parent/guardian making an appointment to pick up the items in question. Illegal items will be turned over to the proper authorities.

- c. **TEMPORARY REMOVAL:** When a student is disruptive or insubordinate, he/she may be temporarily removed from class/study hall/hallway/cafeteria or other area for an amount of time to be determined by the administration. Students may also be excluded from an activity and denied the right to participate.
- d. **EMERGENCY REMOVAL:** There are occasions when a student's behavior poses a threat to the safety of themselves or others, or may result in physical damage to property. When these instances occur, it is reasonable and prudent for school officials to conduct an emergency removal of that child from the school premises, pending disciplinary action.
 - 1. By an Administrator - If a student's presence and behavior pose a continuing danger to persons or property or disrupts or threatens to disrupt the learning process, the superintendent, a principal, or other school administrator may remove the student from the school premises for a period not to exceed three (3) school days.

If it is intended that the pupil be removed from a curricular activity or extra-curricular activity for more than twenty-four (24) hours, a hearing will be scheduled within three school days after the removal has been ordered. Parent(s), guardian(s), or custodian(s) will be notified by telephone prior to enacting of the impending removal and reasons for it. Written notice of the hearing, the reason for the removal, and intended disciplinary action will be provided to the student and parents prior to the hearing.

- 2. By a Teacher - If a student's presence and behavior pose a continuing danger to persons or property, disrupts, or threatens to disrupt the learning process, the teacher may remove the student from curricular or co-curricular activities under his/her supervision with the following conditions:

Disruptive students are to be sent to the office as soon as possible. The specific reasons for removal by the teacher must be submitted in writing to the administrator as soon as practical after removal. The administrator will review the referral and the appropriate action will be taken.

A student who is removed from an extra-curricular or co-curricular activity that is taking place after school hours must leave the campus immediately.

The administrator will make appropriate arrangements for a reinstatement meeting with the teacher and the student prior to the students return to the classroom or activity.

- e. **COMMUNITY SERVICE:** The Superintendent or his or her designee may require a student to perform community service in conjunction with or in place of suspension and/or expulsion. Community service may be performed at school related events.
- f. **SUSPENSION:** Suspension means the student may not come to school, attend classes, or any school events home or away. A suspension can be up to 10 school days; at the time the suspension is imposed if there are less than 10 school days remaining in the school year the suspension can be extended into the next school year. **The student is NOT permitted to make-up any missed assignments or tests.** Students are under the supervision and jurisdiction of his or her parent or guardian. Students coming onto school property without prior permission from the administration while they are under suspension will be charged by police for trespassing. The suspension begins on the date designated by the administrator and ends the morning of the student's return. Students remain suspended throughout the appeals process unless directed by the Superintendent or his or her designee. Modifications may be applied to out-of- school suspensions to reduce the number of days suspended. Failure to comply with the stipulations stated in the suspension notification will result in the full suspension as outline in the Code of Student Conduct. Community service may also be required in conjunction with or in place of a suspension.

A student who is issued a 10 day suspension is required to attend a reinstatement meeting which will be conducted upon the return to school. Parent(s) and/or Guardian(s) must attend this mandatory meeting with his/her child.

- g. **APPEAL PROCESS FOR OUT-OF-SCHOOL SUSPENSIONS:** A student, parent, guardian, or custodian may appeal the order of an out-of-school suspension to the Board of Education or its designee by filing a written notice of appeal with the Superintendent within ten (10) school days of the notice of out-of-school suspension. If the appellant intends to be represented by an attorney, the notice of appeal shall so indicate.

The hearing shall be held within ten school days of the filing of the notice of appeal, unless the time is shortened or extended by the Superintendent. For the purposes of an out-of-school suspension by a building level administrator, the Superintendent or his or her designee shall act as the hearing officer as the board's designee.

The student shall continue to serve the suspension while the appeal is pending unless directed by the Superintendent or his or her designee. The appeal shall be conducted in accordance with the Ohio Revised Code. All witnesses will be briefed on the proceedings and sworn in prior to the start of the appeal. A verbatim record is kept. The hearing may be held in executive session at the request of the student or his or her parent(s).

- h. **EXPULSION:** Expulsion from school is only used as a last resort against a student who habitually breaks school rules. Expulsion can occur on a student's first offense, if it is of a very serious nature. It is not possible to list every reason why a student could be expelled. Each case will be handled on an individual basis and may have any number of extenuating circumstances. Expulsion is defined as the removal of a student for more than 10 days, but not more than one year. An expulsion can extend beyond the end of the school year. If there are fewer school days than the expulsion days remaining in the school year, the Superintendent may apply any remaining part or all of the period of the expulsion to the following school year. This means that the student does not attend school, and is not allowed the opportunity to do any make-up work or attend any school functions. The Superintendent may require a student to perform community service in conjunction with or in place of an expulsion.

***During the period of expulsion or exclusion, credits earned in any other educational setting and/or institution will not be accepted by the Chagrin Falls Exempted Village School District.**

APPEAL PROCESS FOR AN EXPULSION: A student who is 18 or older or a student's parent(s) or guardian(s) may appeal the expulsion by the Superintendent to the Board of Education or its designee. The appellant(s) may be represented in all such appeal proceedings and will be granted a hearing before the Board or its designee. Notice must be filed within 10 days of the Superintendent's decision to expel to the Board directly or through the Superintendent's office.

A verbatim record will be kept of the hearing. The hearing may be held in executive session at the request of the student, parent or guardian. The decision of the Board may be further appealed to the Court of Common Pleas (Board Policy JGE)

- i. **AUTOMATIC EXPULSION FOR ONE YEAR:** Section 3313.66 of the Ohio Revised Code states that the Superintendent must expel a student for one year for bringing a firearm on school property, in a school vehicle or to any school-sponsored event.
- j. **FIREARMS:** The definition of a firearm is any weapon (including a starter's gun) which will or is designed to, or may readily be converted to expel a projectile by the action of an explosive; including the frame or receiver of any such weapon and any firearm muffler or silencer or any destructive device (as defined in 18 U.S.C.A. Section 921), which includes any explosive, incendiary or poisonous gas, bomb, grenade, rocket having a propellant charge of more than four ounces, missile having an explosive or incendiary charge of more than one ounce, mine or device similar to any of the devices described above.
- k. **DANGEROUS INSTRUMENT:** Weapons and dangerous instruments include any object which is used or may be used to inflict physical harm or property damage. These include knives (defined but not limited to any cutting instrument consisting of a sharp or pointed blade fastened to a handle) and other dangerous objects of no reasonable use to the student at school (including

normal school supplies like pencils or compasses) which a reasonable person might consider, under the circumstances, capable of harming a person or property.

***In the case of any violation related to a dangerous weapon and/or instrument, the student may be expelled from the school by the Superintendent for the period of one calendar year.**

1. **DESTRUCTIVE DEVICE:** The term "destructive device" means any fireworks, explosive, incendiary, or noxious irritant or poison gas, such as a bomb or grenade.

In the case of any violation related to a destructive device, the student may be expelled from school by the Superintendent for a period of one calendar year. In the case of any violation related to serious physical harm to a person(s) or property, the student may be expelled from school by the Superintendent for the period of one calendar year.

- m. **REFERRAL TO POLICE:** The police will work closely with students/parents and the court system to attempt to modify a student's negative behavior. Certain Code of Student Conduct violations warrant the notification and involvement of local law enforcement agencies.
- n. **COURT CHARGES:** Court charges are generally filed against students who continue to be truant from school or who behave in an unruly manner. "Unruly," for school purposes, means the student does not subject himself to the reasonable control of his teachers or the school administration.
- o. **SEARCH AND SEIZURE:** Students possess the right of privacy as well as freedom from unreasonable search and seizure of property. This individual right, however, is balanced by the school's responsibility to protect the health, safety and welfare of its students. Principals and their designees are permitted to search the person and personal property (purse, backpack, gym bag, etc.) of a student where there is reason to believe that evidence will be obtained indicating the student's violation of either the law or school rules. Under the condition of "reasonable suspicion" school authorities may seize any items that violate school or criminal laws. The Chagrin Falls Exempted Village Schools Administration may conduct lockdowns and canine searches.
- p. **ZERO TOLERANCE:** Students are expected to conduct themselves in a respectful manner that also displays consideration of the rights of others. Students of the District must conform to school regulations and accept directions from authorized school personnel. The Board has a "zero tolerance" of violent, disruptive or inappropriate behavior by its students.

A student who fails to comply with the established school rules or with any reasonable request made by school personnel on school property and/or at school related events is subject to approved discipline regulations. The Superintendent/designee develops regulations which establish strategies ranging from prevention to intervention to address student misbehavior.

Students and parents annually receive, at the beginning of the school year or upon entering during the year, information on the rules and regulations to which they are subjected while in school or participating in any school-related activity or event. This information is available on-line or at each school's office. The information includes the types of conduct which are subject to suspension or expulsion from school or other forms of disciplinary action. The Board directs the administration to make all students aware of the student Code of Student Conduct and the fact that any violations of the student Code of Student Conduct are punishable. Each student and parent/guardian must sign a form indicating they have received the Code of Student Conduct. The rules apply to any form of student misconduct directed at a District official or employee or the property of a District official or employee, regardless of where the misconduct occurs.

If a student violates this policy or the Code of Student Conduct, school employees, students or parents should report the student to the appropriate principal. The administration cooperates in any prosecution pursuant to the criminal laws of the State of Ohio and local ordinances (ORC 3313.20; 3313.534; 3313.66; 3313.662 OAC 3301-35-03)

C. MINOR VIOLATIONS – SECTION I

Statement

Disciplinary actions in general will be progressive in nature; the principal and his or her designee at each respective building will use a progressive ladder that is age and developmentally appropriate. The administration may repeat and/or omit steps in the process pursuant to professional judgment as it relates to specific conditions and intent of the student.

Chagrin Falls Exempted Village Schools makes a sincere effort to have disciplinary actions take place that will allow the student to remain in school. If a disciplinary action does not result in removal from school, students may not appeal. Should a student or parent have questions regarding the propriety of an in-school disciplinary action, they should contact the student's principal.

These examples of misconduct may result in penalties based on seriousness and disciplinary history which are cumulative for any offense in this section. Administrative discretion may be exercised based upon the seriousness and circumstances of the misconduct that pertain to the Code of Student Conduct violation.

RULE 1- ACADEMIC INTEGRITY

Violations of Academic Integrity

Academic dishonesty occurs when students obtain or assist others in obtaining credit for academic work which is not their own. Students must exercise self-discipline and resist peer pressure which violates the standards for academic excellence we have established at Chagrin. The various ways in which academic integrity can be violated are discussed below. The examples within this section provide explanations and illustrating materials that do not necessarily exhaust the scope of these violations. Many of our teachers will require students to submit essays to www.turnitin.com to assist with the authenticity of the work.

Cheating

Cheating is the use of unauthorized materials or receiving unauthorized assistance, acquiring unacknowledgeable materials, information or study aides in any academic exercise. The use of books, notes, calculators and conversation (verbal and non-verbal) with others is restricted or forbidden during specific academic exercises. Examples of cheating may include: copying the work of another student during an examination or other academic exercise, copying or sharing answers between classes, using or possessing unauthorized notes, study sheets, exams or other materials during an exam or collaborating with another student during an exam or academic exercise.

Plagiarism

Plagiarism is the representation of the words or ideas of another as one's own in any academic exercise. Appropriate acknowledgement is required when material from another source which is in print form, electronic form or other medium which is paraphrased or summarized. Examples of plagiarism include: failure to use quotation marks when directly quoting a source, failure to document distinctive ideas from a source (common knowledge information such as names and basic scientific law need not be referenced) word-for-word or mosaic (rearrangement or rewording without documentation), and indirect (paraphrasing of a passage without documentation) fabricating or inventing sources or data, and copying information from computer-based sources (i.e. Internet).

Facilitating Academic Dishonesty

Students may not knowingly or negligently allow their academic work to be used by other students. This act of aiding others is an academically dishonest act which violates the academic integrity policy. The students who are supplying the materials, even though not benefiting academically, are as guilty as the students who follow through on the act of dishonesty. Students may not use other students' work or materials not authorized by the instructor during tests and in completing assignments. Examples of academic dishonesty are: presenting someone else's work as one's own in order to obtain a grade or credit, copying homework, stealing tests, selling or passing tests, copying or sharing answers between classes, using "cheat sheets" or other materials not authorized by the instructor.

Plagiarism involves claiming as one's own work the ideas, phrasing, or creative work of another person. Any violation of Academic Integrity will result in a "zero" with no opportunity to make up the assignment for credit and referred to the Principal or his or her designee.

***Any additional violation of this rule, or repeated acts of academic dishonesty, may result in denial of credit and further disciplinary consequences.**

RULE 2- HONOR VIOLATION

Students shall not be involved in activities including but not limited to: misrepresentation of the facts, improper collusion, misuse of privileges, forgery and/or falsification of information. The administration reserves the right to confiscate any items that are considered inappropriate for the school setting. At school-sponsored events if such item(s) are deemed disruptive in nature by school personnel, the item(s) will be confiscated by school personnel.

A student shall not be absent from school or an assigned location for all or part of any school day without school authorization and parental consent, and shall be considered truant when he/she is absent from school for any portion of the school day. Excessive tardiness shall also be considered truancy. Leaving the school building and/or grounds without permission is truancy. Make-up work for truanancies is not permitted.

D. MAJOR VIOLATIONS – SECTION II

These examples of misconduct are cumulative and may result in up to a 10-day suspension along with a possible recommendation for expulsion and police notification due to the more serious nature of these offenses. The administration reserves discretion in the issuance of appropriate consequences at the respective building level. The intent of the student will be given consideration and the consequences will reflect the seriousness of the situation.

The Board of Education believes that hazing activities of any type are inconsistent with the educational process and prohibits all such activities at any time in school facilities, on school property, and at any school sponsored events. Permission, consent, or assumption of risk by any individual subjected to hazing will not lessen the prohibition contained in this Policy, and will not exempt any student from discipline under this Policy.

E. CHEMICAL ABUSE POLICY

The Chagrin Falls Board of Education recognizes the serious societal problem of chemical involvement by school-age children. The Board further realizes that the Chagrin Falls Schools are the central developmental institutions for the children of Chagrin Falls. The school is the institution delegated by society to teach students to function in our democracy. Since chemical involvement interferes with the ability to learn and to function, it is the intent of the Chagrin Falls Board of Education to produce a program which:

1. discourages students from becoming chemically involved;
2. protects students from the promotion and sale of chemicals on school property;
3. identifies the students who are chemically involved;
4. intervenes in the chemical involvement of identified students;
5. offers identified students the opportunity to participate in groups providing chemical abuse information and chemical counseling, and offers support counseling for chemical abstainers;
6. refers chemically involved students to appropriate treatment facilities.

Policy Provisions

This policy shall be implemented by such procedures, as the administration shall determine using the guidelines outlined below:

No student, under the provisions set forth in the Intent and Purpose of the Code of Student Conduct, shall:

1. possess, use, sell, offer to sell, deliver, conceal, consume, or be under the influence of any drugs of abuse including alcoholic beverages or any counterfeit drugs of abuse;
2. instigate or conspire with others to sell, deliver, conceal, consume, or be under the influence of any drugs of abuse, including alcoholic beverages or any counterfeit drugs of abuse;
3. use, conceal, sell, purchase, accept, or transmit any substances which are reasonably thought to be drugs of abuse, sold as drugs of abuse or inferred by the seller or buyer to be mind-altering substances or drugs of abuse;
4. possess, use, transmit, or conceal any item which is designed for use with illegal cannabis or drugs of abuse;
5. violate any federal, state, or municipal law or ordinance governing conduct not described in Paragraph 1 through 4 above where the student should have reason to understand that such violation has or is likely to have a negative impact on the school or community;
6. possess, conceal, sell, transmit, or use tobacco in any form, or conspire with others to conceal, sell, transmit, or use tobacco in any form.

Consequence Consideration For Awareness Program Attendance

The penalty for violation of the Chemical Abuse Policy may be reduced if the student participates in a chemical/tobacco awareness program approved by the school. At the conclusion of the program, an assessment must be performed, and the results of the program and assessment forwarded to the school. The administration reserves the right to determine the appropriateness of the awareness program, and the option to reduce the penalty.
